Spring & Summer 2026

-  DAY CAMP REGISTRATION BEGINS MONDAY, MARCH 9TH
-  PROGRAM REGISTRATION BEGINS WEDNESDAY, MARCH 18TH

Find us on 

Dear Lewisboro Residents:

Spring is around the corner and after having the coldest winter in 20+ years, I am sure everyone is ready for Spring weather. With Spring comes a new season for our Parks & Recreation department. I guarantee you that 2026 will be another banner recreation year for our Town. Our Parks & Recreation department continues to provide some amazing programming & events while continuing to focus on facility improvements.

Update on facility improvements;

- Onatru Park Farm has a newly renovated bathroom facility, and we expanded the paving to include the former dirt parking lot on left side of driveway
- Fox Valley's bathroom will get a new water system which is currently in the design phase, and we hope to have a system which will allow us to expand the seasonal use by a couple of months. The interior of the bathroom will also be renovated as a second phase to the ADA (Americans Disability Act) improvements which included the new driveway and ADA parking in phase 1.
- Pool Bath House: Is looking really good, stop by and check it out. To be completed before the start of the pool season
- Pickleball: We haven't given up, we were not lucky with a prior NYS grant application, but we have tried again for the needed additional funds which will help with building 8 courts in the former tennis courts at Town Park.

The Parks & Recreation Department provides our community with programming that contributes to the wellness of our community and enjoyment by our residents and of course there is the fun factor. The great support that Parks & Rec receives from the residents is terrific and so I thank all residents for their continued support of this fabulous department. I am looking forward to what is to come, and I am sure, as in years past, that Lewisboro residents will not be disappointed by what Parks & Rec will be offering.

Schedule of some events for this year include:

- Egg Hunts for the Pups & Children – see page 8 for details
- Color Run – 4/18
- Grand Opening of the Pool Bathhouse - TBD
- Pool – Opening Day is 5/23 (July 4th Celebration, Family Fun Days, Teen Nights)

The Lewisboro Parks and Recreation Department has a Photo ID permit system for both the Town owned tennis facilities, paddle tennis courts and the Town Park Pool. By utilizing this system, the Parks and Recreation Department is able to improve the monitoring of our pool and tennis facilities to insure that only eligible individuals utilize these facilities.

In order to speed up the process we urge you to mail in your registration form and payment prior to having photos taken. Please read information regarding pool permits under the pool section of this brochure.

PLEASE NOTE: Individuals who were members last year only need to mail in a check and registration form and your permits will be renewed electronically.

Athletic teams, clubs and groups are encouraged to police the fields, dugout/bench and spectator areas after practices and games. Please help our Parks staff keep our facilities clean. Thank you.

A MESSAGE FROM THE LEWISBORO STORMWATER COMMITTEE

The Town of Lewisboro takes stormwater management seriously. Many pollutants can be carried into our lakes, rivers, streams, and drinking water by polluted stormwater runoff after storms. These contaminants can include plastics, dog poop, sediment, grease, oil, tire residue from roads, and pesticides & fertilizers from lawns and landscaped areas. In our community, phosphorus pollution is a special concern for area drinking water. In lakes and rivers, phosphorus acts like fertilizer for algae and plants. One pound of phosphorus in runoff can produce approximately 500 pounds of plant growth.

Stormwater runoff can't carry as much sediment and pollutants to downstream waterbodies and to drinking water sources if it is slowed and given time to soak into the ground, which acts as a natural filter. The Town consistently sweeps streets and cleans out catch basins to both pick up pollution after it leaves your property and to ensure the stormwater infrastructure is working properly. You, as a homeowner, are the first line of defense and can take simple steps to properly manage stormwater runoff before it reaches the streets.

Smart lawn care:

- Reduce the need for fertilizer, pesticides, and watering. Let your grass grow to about 3" high to help it shade out new weeds and retain moisture. Overseed to crowd out weeds.
- Leave clippings after mowing to return nutrients to the lawn.
- Use fertilizer with care. Fertilizer containing phosphorus is prohibited for use on established lawns. Check your fertilizer bag to ensure the middle number is zero. Don't fertilize when rain is expected.
- Aerate your lawn with a core aerator to improve absorption and reduce stormwater runoff.

Other yard care suggestions:

- Consider reducing lawn areas with beds of native plants, which typically require less water, fertilizer, and care. Native plants are especially important near wet areas.
- Mulch any bare spots to limit the amount of soil that will get carried away by stormwater runoff.
- Pick up pet poop and throw it in your trash.
- Opt for permeable surfaces, such as gravel or permeable pavers, where possible to allow rainwater to percolate into the ground.

Thanks for doing your part to protect Lewisboro's water. Visit the stormwater management page on the town website to learn more and to get contact information for our Stormwater Committee Chairman, Rick Bohlander.

SEPTIC SYSTEMS

Pump out your septic systems!

Most of the Town of Lewisboro is served by individual on-site wastewater treatment systems, usually called septic systems. These systems require routine maintenance to operate correctly and to prolong their useful life. While most experts recommend pumping and inspecting your system every 2 to 3 years, Town law requires pumping each septic tank at a minimum of once every 5 years.

FOR YOUR INFORMATION

The septic tank separates solid particles, which sink to the bottom of the tank, and oil and grease, which float to the top, from the effluent which flows out to the septic fields. If the layers of either the sludge on the bottom of the tank or the scum on the top of the tank get too thick, they can flow out to the fields and gum them up. Then septic water won't be able to percolate into the ground where it will get filtered. Septic systems need the effluent to interact with the soil to continue treatment for pathogens and phosphorus. Have your system pumped by an authorized vendor and keep the receipt.

If you haven't had your system pumped since 2021, it's time to do so now. If you can't remember when your system was last pumped, please consider pumping this year. Failure to pump your system can lead to significant fines. It's much better to keep that invisible system working properly than to have it become a visible problem!

Your camper may be placed with campers older/younger, or of a different gender, but will have their **one** requested friend guaranteed. Please only write one request on your registration form. If you write multiples, only the **first** will be honored.

3. Friend requests may not be changed after registration unless there are serious circumstances that warrant a change. As you can imagine, creating exact groups of 12 campers while juggling friend requests is a time-consuming process. One change after groups have already been made can easily create a domino effect.

There are four Hadeka soft surface tennis courts at Onatru Farm Park on Elmwood Road in South Salem. A reservation system is in place again this year using Court Reserve. All tennis permit holders will receive the link to download the app for their court reservations. Only permit holders will be able to reserve court time. Each household will be able to register for an one hour play time (if no one signed up after you and no one is waiting to play, you can play longer).

Here are some policies with Tennis Court usage for the 2026 season.

You must have a permit to play.

- Each permit holder may have ONE guest per visit.
- For doubles, there must be two permit holders on the court for two guests.
- **ABSOLUTELY NO LESSONS ARE PERMITTED UNLESS OFFERED BY THE TOWN OF LEWISBORO.** No exception of any kind will be considered or permitted.

Individuals who were members last year can renew online at www.lewisbororecreation.com and we will mail the key and permit to you unless YOU email recreation4@lewisborony.gov and make arrangements for your key to be picked up so you can play right away.

All new tennis members will have to come to the office for a photo ID and pick up a key.

The tennis season for Fox Valley Park runs from April 1st through November 30th. Onatru Park tennis courts will open on May 1st through November 30th (weather permitting).

PLEASE NOTE: The tennis courts at Fox Valley are used by the Katonah-Lewisboro School District and for our Town tennis lessons from April 1st through mid-June. A complete schedule of usage is on Court Reserve.
