- DAY CAMP REGISTRATION BEGINS MONDAY, APRIL 18TH
- PROGRAM REGISTRATION BEGINS WEDNESDAY, APRIL 6TH

Dear Lewisboro Resident:

As your new Town Supervisor, I would like to thank you all for your support of our fabulous Parks & Recreation Department. I would also like to take this opportunity to thank the Parks & Recreation Dept. for the work they have put into the creation of this brochure. As we get ready for Spring, I am looking forward to what is to come and I am sure, as in years past, that Lewisboro residents will not be disappointed by what Parks & Rec have to offer.

We have all gone through a challenging couple of years and I promise you that we will hit the ground running with some excellent programming which will include some of the old favorites as well as some new ones. One of those new events which we are really looking forward to is the repeat of last year's first Live Music and Fun at the Town Pool for Fourth of July. This Fourth of July event was a result of your Parks & Rec dept working with Town government to come up with something new in support of the Lewisboro community during COVID, the result was a hit event we will bring back this year.

In addition to the 4th of July Live Music & Fun at the town Pool our Fireworks will be back! Some other programming includes;

- Friday night Food Trucks - hosted by The Lewisboro Playground Improvement Project group
- Grit Ninja will be back with more classes
- Summer Camp will be back with normal capacities

Some additional updates you should know regarding our Town Parks;

- Onatru Park; the playground will be renovated with new components and new features
- Fox Valley Park; will be getting a much-needed new playground
- Town Park; a new inclusive playground which will replace our old playground which has served the community for 25+ years. This project is made possible by the fantastic efforts of The Lewisboro Playground Improvement Project group, your Lewisboro Town Government as well as our friends in State Government

As you read this, our Parks & Rec Superintendent Dana Mayclim and her crew are putting in place the finishing touches on the programs being made available at the former LES Gym. Look for details on the Parks and Recreation website: www.Lewisbororecreation.com

A MESSAGE FROM THE LEWISBORO STORMWATER COMMITTEE

Managing stormwater is important in protecting and improving the quality of the water in our lakes and the well water we drink. Trees can help manage run-off and the phosphorus it carries into our lakes.

We like trees. We get shade, nuts, apples, homes for birds, and places for swings. But, there are times when we dislike trees, especially when they break our power utility lines and we lose power, or when we have to rake all the leaves. But there are many more reasons to like trees than dislike them, and the Stormwater Committee has a special appreciation for trees.

Homeowners have many reasons to value trees.
- In the summer, shade trees can reduce air conditioning costs by 34%.
- In the winter, well placed trees can reduce heating costs by up to 25%.
- A large tree in the front yard of a house can increase its selling price by 1%; large specimen trees (usually 24" in diameter or larger) can increase the value by 10%.
- Trees offer health benefits by absorbing air pollutants like ozone and particulates. They also absorb and store carbon dioxide.

Trees also aid in Stormwater Management. Often overlooked is the valuable ability of trees to help minimize the flow of polluted runoff.
- Trees can absorb about 30% of stormwater through their leaves, and another 30% through their roots.
- Trees' leaves can intercept and hold rainwater before it hits the ground. This reduces amount of soil that is loosened, thereby slowing runoff and erosion. By reducing erosion, less phosphorus laden soil gets released to waterways. Phosphorus is the major contributor to excessive weed and algae growth in lakes and ponds. Streams in forests have the lowest amounts of phosphorus.

Since Lewisboro must implement stormwater controls, the Stormwater Committee especially appreciates the services provided by trees.

The best time to plant a tree is 20 years ago. The second best time is now…. Proverb.

SEPTIC SYSTEMS

Pump out your septic system! It's a good idea to maintain your septic system. And now it is the law.

To protect the quality of the area's drinking water, Westchester County and Lewisboro instituted a septic system inspection requirement in 2011. Septic systems are a source of phosphorus which accelerates plant growth and can kill Lewisboro's lakes and watercourses, destroying much of the scenery that makes our Town such a wonderful place in which to live. This law requires that each septic system be pumped at least once during every 5 year period. Failure to do so may result in significant fines.

This means that if you haven't had your septic system pumped since Spring of 2017 it's time to do so NOW. Many septic systems require pumping more often than every 5 years, depending on usage or condition. Have your septic system pumped out this season by an authorized Westchester County septic hauler.

Keep your copy of the septic system inspection report as proof if records get lost. Bureaucracies are not perfect and the report is the only proof that you obeyed the law!

There are four Hadeka soft surface tennis courts at Onatru Farm Park on Elmwood Road in South Salem. A reservation system is in place again this year using Court Reserve. All tennis permit holders will receive the link to download the app for their court reservations. Only permit holders will be able to reserve court time. Each household will be able to register for an one hour play time (if no one signed up after you and no one is waiting to play, you can play longer).

Here are some policies with Tennis Court usage for the 2022 season.

You must have a permit to play.

- Each permit holder may have ONE guest per visit.
- For doubles, there must be two permit holders on the court for two guests.
- ABSOLUTELY NO LESSONS ARE PERMITTED UNLESS OFFERED BY THE TOWN OF LEWISBORO. No exception of any kind will be considered or permitted.

Individuals who were members last year can renew online at **www.lewisbororecreation.com** and we will mail the key and permit to you unless YOU email **parks@lewisborogov.com** and make arrangements for your key to be picked up so you can play right away.

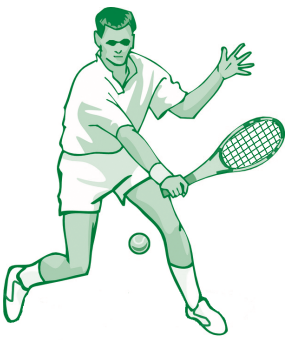
TENNIS CLINICS – **Gail Ascher,** *PTR Certified Instructor*



The aim of our summer clinic is the help the participants improve their tennis strokes and better comprehend the rules of the game. This includes the basic strokes of forehand, backhand, and volley. For more advanced players we will introduce additional strokes including serve, overhead and lob. Players are grouped by age and ability. Each session begins with a warm-up period, followed by a combination of stroke development exercises, drills and games. We assist the players with their timing, accuracy and consistency. While we emphasize developmental skills, we integrate fun activities to keep the kids engaged. For the more serious players we offer competitive drills and game play

There will be water and snack breaks. Players must bring their own racquets, water and snacks.
